

ECOMODE HEATHER SENSOR LED SOLAR STREET LIGHT 6W

Technical Data:	
Power:	6w
Lumens:	110Lm/W 660LM
CCT:	6000k
Solar panel type:	5V 13.5W Monocrystalline Silicon
Protection Rating:	IP65
Battery Type:	3.2V 21Ah LiFePO4
CRI:	>80
Certifications:	CE, RoHS
Dimensions (MM):	800 x 230 x 2600mm
Lifespan:	> 200 Discharge cycles
Warranty:	2 years

The EcoMode Heather 6w streetlight package is a complete solution that includes both lamps and a post. With an impressive efficiency of 110 lumens per watt, it provides bright and energy-saving lighting. The package also includes three 5v 4.5w monocrystalline silicon solar panels one on each head of the lamps, ensuring a sustainable and eco-friendly power source. Equipped with a 3.2v 21ah lifepo4 battery, it offers a long-lasting battery life. The streetlight has a quick charge time of 4-5 hours and can provide over 11 hours of continuous lighting. With a lifetime of more than 200 discharge times, it guarantees durability. Additionally, it comes with a 2-year warranty, ensuring customer satisfaction. The streetlight boasts a high colour rendering index (CRI) of over 80, providing excellent colour accuracy. Its IP65 rating ensures protection against dust and water, making it suitable for outdoor use. With its modern, luxurious, and grand design, the EcoMode 6w streetlight is a perfect choice for illuminating streets and public spaces.
