

ECOMODE SPRUCE SENSOR LED SOLAR STREET LIGHT 2W

Technical Data:

Power:	2w
Lumens:	150Lm/W 300L
CCT:	6000k
Solar panel type:	5V 4.5W Monocrystalline Silicon
Protection Rating:	IP65
Battery Type:	3.2V 7Ah LiFePO4
CRI:	>80
Certifications:	CE, RoHS
Dimensions (MM):	260 x 370mm
Lifespan:	> 200 Discharge cycles
Warranty:	2 years

Introducing the EcoMode Spruce 2w Wall light, a highly efficient lighting solution that combines eco-friendly features with a modern and sleek design. With an impressive 150 lumens per watt, this wall light provides bright and energy-saving illumination. Powered by a 5v 4.5w monocrystalline silicon solar panel, it harnesses the power of the sun to charge its 3.2v 7.5ah lifepo4 battery. The EcoMode Wall light has a quick charge time of 4-5 hours, ensuring minimal downtime. Once fully charged, it offers a discharge time of over 11 hours, providing long-lasting illumination throughout the night. With a lifetime of over 200 discharge times, this wall light is built to last. Additionally, the EcoMode Wall light comes with a 2-year warranty, giving you peace of mind and assurance of its quality. It boasts a high Colour Rendering Index (CRI) of over 80, ensuring accurate and vibrant lighting. Designed to withstand outdoor conditions, this wall light is rated IP65, making it resistant to dust and water. Whether you need to illuminate your garden, patio, nursery, walkway, or any outdoor space, the EcoMode Wall light is a reliable and stylish choice.
