Introducing the EcoMode Atex Wall light 40w, the ultimate lighting solution for your industrial needs. With its eco-friendly features and cutting-edge technology, this explosion-proof light is designed to exceed your expectations. Crafted with a copper-free aluminium housing, this wall light ensures durability and longevity with a lifespan of over 50,000 hours. Say goodbye to constant maintenance and internal cleaning, as our product is IP66 waterproof and dust-proof, built to withstand the harshest conditions. Installation is a breeze thanks to its compact structure, small size and lightweight design. The high vibration and impact resistance ensures that this light can handle even the toughest environments. Plus, with its protective metal cage and tempered glass for heat resistance, you can rest assured knowing that your investment is well-protected.
