Certifications:	CE, UKCA, Ex, CB & ATEX
Dimensions (CM):	4ft – 132.1 x 22.1 x 14.0
Warranty:	5 years

Illuminate your space with the power of 50W! Introducing our 4 ft Twin 50W Explosion Proof LED Non-Corrosive Batton—a lighting solution that combines durability, efficiency, and safety. With its IP66 rating, this baton is built to withstand the harshest indoor and outdoor conditions. The 120-degree beam angle ensures wide coverage, providing bright and even lighting across your area.

With an impressive output of 7000 lumens and a colour temperature of 5000K, our baton delivers unmatched brightness and clarity. The high CRI (>70) ensures accurate colour rendering, making it perfect for any application where colour accuracy is crucial.

Safety is our priority. Our Batton is CE and RoHS certified, ensuring compliance with strict quality standards. Its stainless steel construction guarantees durability and longevity, even in challenging environments.
