ATEX LED HAZARDOUS EXPLOSION PROOF HIGH BAY - ZONE 1 - 150W/200W

Technical Data:	
Power:	150w 200w
Lumens:	140lm/w
CCT:	5000k
Beam angle:	120°
Protection Rating:	IP66
IK Rating:	IK10
Certifications:	CE, UKCA, Ex, CB & ATEX
Dimensions (CM):	37.1 x 37.0 x 19.7
Warranty:	5 years

Illuminate your hazardous environments with the ATEX and IECEx Listing Zone 1 LED Explosion-Proof Light. This powerful, energy-efficient lighting solution is designed to withstand extreme conditions, ensuring safety without compromising on performance.

Featuring a robust construction of aluminium and tempered glass, this explosion-proof light is built to last. With a voltage output of AC100-277V, it can easily adapt to different electrical systems. The high-quality LED technology delivers impressive brightness of up to 140 lumens per watt, providing excellent visibility in any situation. With a wide beam angle of 120 degrees, this light covers a broad area, ensuring maximum coverage. The 5000K colour temperature enhances visibility and clarity, allowing you to work with precision. With a long lifespan of 50,000 hours and a high colour rendering index (CRI) over 80, you can rely on this light for consistent performance over time.

RoHS COMPLIANT CE
