

Technical Data:

Power:	100w / 150w / 200w Adjustable
Lumens Per Watt:	170 lm/W
Input Voltage:	AC120-277V
Input Frequency:	50/60 Hz
Dimmable:	Yes - 1-10v Dimming
Protection Rating:	IP65
Surge Protection:	6kV
Beam Angle:	120°
Dimensions:	300mm (D) x 138mm (H)
Lifespan:	50,000 Operation Hours
Warranty:	5 Year Standard Warranty

A dimmable wattage adjustable LED High Bay for even greater flexibility. Crafted with top-tier quality and boasting an unparalleled efficiency level of up to 170 lumens per watt, this high bay light sets a new standard in cost-effectiveness and performance. With a IP65 protection rating and an impact resistance up to IK10, it's tailor-made for industrial and commercial settings alike, including factories, retail spaces, garages, stadiums, and exhibition halls.
